3 Bedrooms 2 Bathrooms 2229 Square Feet on .2365 Acre

$699,900

One of Modesto's most sought-after areas, beautiful custom homes. If I were in the market to buy, this would be the one. Homes don't come on the market in Wycliffe Estates very often. Great floor plan Single Story 3 bedrooms 2 Baths, approx. 2229 square feet of living space. Open lite & bright, large windows in living room with a view of the backyard and beautiful swimming pool. Very spacious, main bedroom and bathroom with build-in shelves in the closet. The owner loved shoes so she made sure they had their own space. Very nice 10,300 square feet lot. Mature trees throughout the area. Great location, close to Dry Creek trails, schools, shopping, downtown Modesto and yet you feel like you are living far away from all the hustle and bustle. Move-in ready.
